TURNER CONSTRUCTION COMPANY

FOUNDED 1902

420 LEXINGTON AVENUE, NEW YORK 17

BOSTON
CHICAGO
PHILADELPHIA

February 17, 1954

Mr. Ludwig M. Van der Rohe
Illinois Institute of Technology
3300 S. Federal St.
Chicago, Ill.

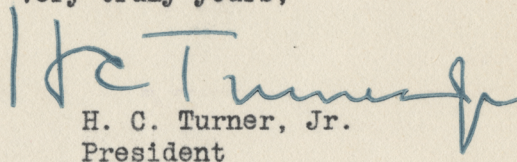

Dear Mr. Van der Rohe:

We are pleased to send you herewith the "Turner City" for 1953. This is a composite drawing of the work which was more than 50% completed at the end of the year. Construction work less than one half complete will be shown next year.

As predicted a year ago, costs remained relatively stable during 1953 and we believe that this condition will continue in 1954. In fact, we believe that with full availability of materials and a normal labor supply, it will be possible to complete work more promptly and possibly at a lesser cost.

1954 should be a good year in which to proceed with construction and we will be glad to consult with you in connection with prospective work and assist in any way possible.

Very truly yours,

H. C. Turner, Jr.
President

HCTJr/t
Encl.
